EVERYTHING STARTS WITH A STONE.

A large, textured stone block, possibly a piece of marble or granite, lies on a floor. The scene is dramatically lit from above, creating a strong diagonal beam of light that illuminates the stone and the surrounding environment. The background shows a wall with a grid pattern, suggesting a quarry or a workshop. The overall mood is one of raw, natural beauty and craftsmanship.

We have taken the marble look ceramic tiles to a whole new level where the natural stone and its interpretation merge into a new, original form of absolute authenticity. It is inspired by the marble of artistic tradition, exploring new surfaces that are unique in their purity, colour, and shine.
